PROFESSIONAL SUMMARY

Full Stack Web Developer skilled in React.js, Node.js, Express.js, and MongoDB. Experienced in designing and optimizing full-stack applications with RESTful APIs, reusable code, testing, and debugging. Strong in UI/UX collaboration, code reviews, and performance optimization to deliver responsive, high-quality solutions.

EXPERIENCE

Web Development | Remote | June 2023 – 2024
- Developed responsive, full-stack web applications using React.js, Next.js, Node.js, Express.js, MongoDB, and Tailwind CSS, boosting user engagement by 30%.
- Implemented reusable components and participated in code reviews & debugging to maintain high-quality code.

SKILLS

- **Languages:** JavaScript, TypeScript, Python
- **Front-End:** React.js, Next.js, Redux, React Router, Material UI, Tailwind CSS, Zod,TanStack Query
- **Back-End & Databases:** Node.js, Express.js, Firebase, SQL, MongoDB, Mongoose, Axios, JWT
- **Tools & Platforms:** Git, Chrome DevTools, Figma, Photoshop, Vercel, OpenAi APIs
- **Soft Skills:** Communication, Teamwork, Problem-Solving, Time Management

PROJECTS

BISTRO-BOSS (Restaurant Service & Food Management App)   **Client | Server**
Technologies: React.js, Express.js, MongoDB, Tailwind CSS, Firebase, JWT, Axios
- Built a role-based system with distinct layouts for users, admins, and super admins.
- Developed a modular backend with secure authentication, authorization, and input validation.
- Improved admin workflow efficiency by enabling faster content, order, and user management.

CAR-DOCTOR (Car Servicing & Booking Platform)   **Client | Server**
Technologies: React.js, Express.js, MongoDB, Tailwind CSS, Firebase, JWT, Axios
- Designed a booking management system with dashboards for admins and customers.
- Implemented secure backend with API validations, authentication, and service record handling.
- Optimized backend APIs, reducing response latency by 20% for better user experience.

BLOG-NEST (Blog Management Application)   **Client | Server**
Technologies: React.js, Express.js, MongoDB, Tailwind CSS, Firebase, JWT, Axios
- Implemented role-based access control with distinct dashboards for admins and content creators
- Built a scalable backend with authentication, validation, and secure blog publishing workflows
- Improved publishing efficiency by automating content approval and management processes.

CO-CURRICULUM ACTIVITIES

- **Member, Robotics Club** – Participated in robotics projects and competitions.
- **Participant, ML Workshop** – Hands-on with machine learning algorithms.
- **Member, Computer Club** – Joined coding contests and programming workshops.

EDUCATION

BSc in Computer Science & Engineering | CCN University of Science and Technology   **2022-Present**

CERTIFICATIONS

Programming Hero | Complete Web Development Course - Web Fundamentals and MERN Technologies.

LANGUAGES

English - Fluent Working Proficiency | **Bengali -** Native | **Hindi** - Conversational
